

TURBO COMPRESSOR SPARE PARTS

In addition to the distribution of our own air coolers for turbo compressors, the delivery of Centac® and Turbo-Air® spare parts is one of our core competences. Extensive contacts to spare parts manufacturers and profound know-how allows us to offer products with highest quality and a great price-performance ratio to our customers.

In principle, we can supply every part of the Centac® and Turbo-Air® compressors. These include:

Rotor assemblies, diffusers, bullgears, bearings, seals, oil coolers, gaskets, couplings, oil filters, air filters, check valves, sensors, etc.

Turbo Compressor Series	Model
Centac® 1	OCI, 1CI, 2CI, 3CI, 4CI-110, 4CI-150
Centac® 2	CV1, CV1A, CV2, 2ACII, 2CII, 3CII, 5CII
Centac® C	C250, C350, C400, C700, C750, C950, C1000, C3000
Turbo-Air®	TA18, TA28, TA38, TA48, TA2000, TA3000, TA6000
